

FIG. 1A

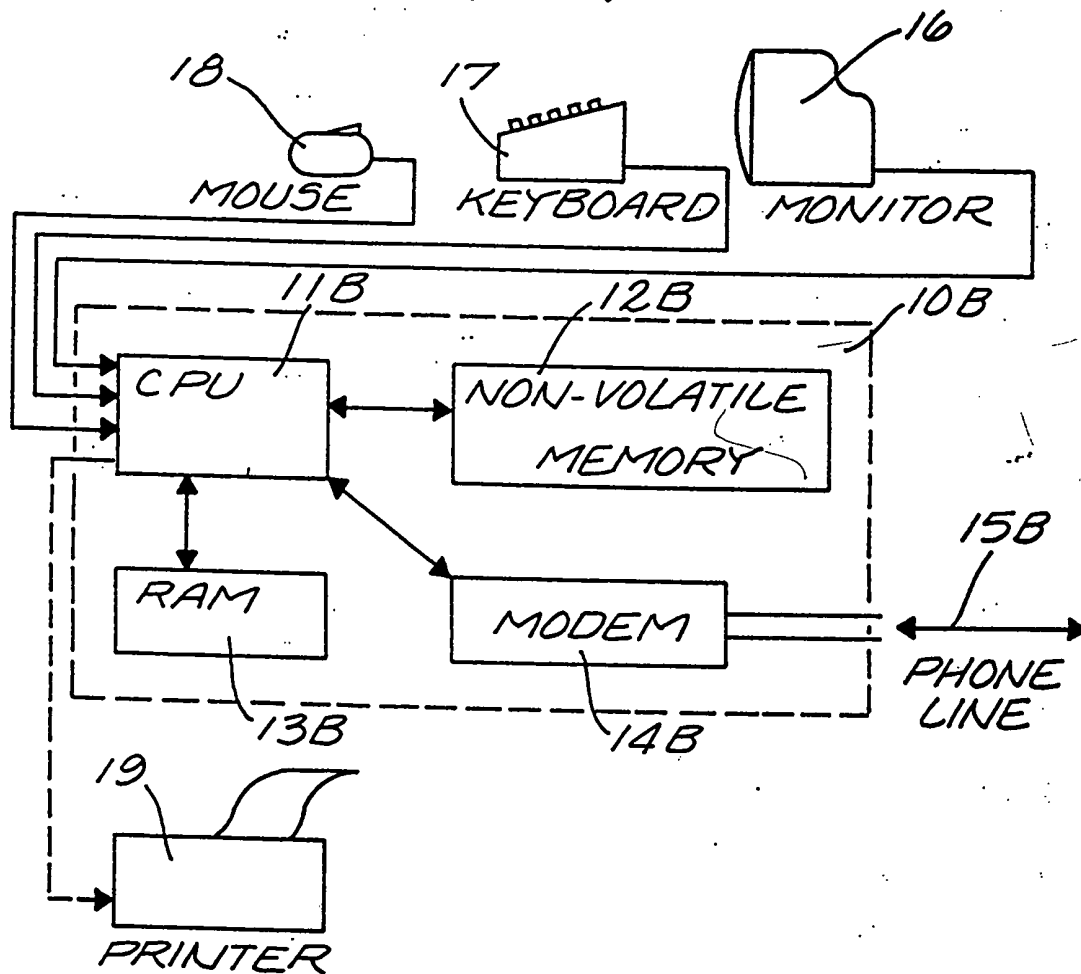

FIG. 1B

The diagram shows a vertical rectangular container. Inside, there are two rectangular boxes at the top, followed by a vertical dotted line, and then another rectangular box at the bottom. A bracket on the right side of the container is labeled '7A' and points to the top two boxes. Another bracket on the right side is labeled '8A' and points to the bottom box. To the right of the container, there is a list of fields enclosed in a large curly bracket: PART NUMBER, MERCHANT ID, COST, DESCRIPTION, AUTHORIZED RETURN URL, REJECTED RETURN URL, and PASSWORD.

Diagram illustrating the layout of a vertical card with fields for:

- MERCHANT ID
- BUSINESS NAME
- CONTACT NAME
- BUSINESS ADDRESS
- E-MAIL ADDRESS
- BANK NUMBER

The fields are grouped into two sections:

- 7B** (Merchant ID, Business Name, Contact Name, Business Address)
- 8B** (E-mail Address, Bank Number)

A diagram of a vertical card reader. On the left is a vertical rectangle representing the card. Inside the rectangle, from top to bottom, are two solid rectangular boxes, a vertical dotted line, and one solid rectangular box at the bottom. To the right of the card, a large curly bracket groups a list of data fields. An arrow points from the top of the card to the first field in the list. The fields are: TRANSACTION NUMBER, DATE, AMOUNT, PART NUMBER, CREDIT CARD NUMBER, and AUTHORIZATION NUMBER. The label '7C' is placed above the first field, and '8C' is placed to the left of the bottom field.
